

ESOL Essentials

In this face-to-face ESOL course, participants will build the academic language and instructional practices that mainstream educators of ELLs need to ensure success with the Common Core State Standards (CCSS). The course will engage participants in learning about second language acquisition, ELL student literacy development, content-based literacy and meaningful ELL access to the CCSS. The course equips participants with a range of strategies and skills to differentiate instruction for ELLs while ensuring academic rigor. Educators will expand their repertoire by deeply examining their teaching practice through the lens of language and academic standards.

Facilitators: Rick Amstutz and Susan Spaulding
